## Weather Events/ Alerts

There are many different types of weather events and alerts that can be issued by the National Weather Service. Some of the most common types of weather events and alerts include:

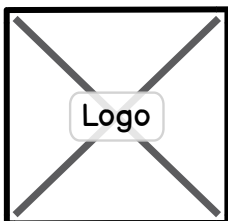

- Severe weather alerts (tornadoes, hurricanes, etc.)
- Winter weather alerts (snow, ice, etc.)
- Heat alerts (heat waves, etc.)
- Thunderstorm alerts (thunder, lightning, etc.)
- Coastal flood alerts (storm surges, etc.)

It is important to stay up-to-date on the latest weather events and alerts in your area to help you prepare for any potential dangers.
